OM SHANTI

We are free
like a summer breeze
Wherever we may like
we breathe
Like nobody else sitting in the sky
living out of ecstasy
To be is what we are
All the miracles are free
for everybody is love of universe
Yes we realize to be
Om Sat Guru Deva
Om Sat Guru Deva
Shanti Om
Om Shanti Om

I AM FREE

Thank you demons angels for your
help
How we are dancing down these
empty stairs
Thank you lovers for those hugging
nights
You are my lover you are my loving
indeed
And I beg not to be late

Walking slowly through this waken
dream

Our temple is our heart

Ref: I am free melting with my
dream to be

How we wander about this love
your love

How I wander

On the floor we are just so silent
here

Dolphins jumping outside at night
and the walls are disappearing clear

Heaven is inside of us that's so clear
How I beg not to be late

SLEEPING TIGER

People gathering around the tree
magic babas flying between
Someone just climbing up the tree
pass me a candle that I can see
Sleeping tiger in the jungle
Sleeping tiger on the groove
Yes we are sitting close to the light
waiting for the great divine
and the mystery that had covered
us

Come on slowly you have a bass
it's coming from deep inside
Oh ecstasy & love & all the fine fine
times

We got on close close on now about
the time

We saw our real side

ref:

Sleeping tiger in the jungle
sleeping tiger on the groove

Mh mh mh what a sweet life we
have

What a sweet life we have
Millions of stories we got to tell
what happened here

I am you and you are me

Open your heart

to that mystery

Sleeping tiger....

DAKSHINAMURTI

I lay my sorrow down -
down in your loving ground
I lay my burden down-
down in your silent ground
And I am following -

and I am listening -
to the silence inside
Dakshinamurti Namah
You shine like the love in all of us
Following you inside -
following you inside
I lay my trouble down -
down in your silent ground
I lay my beauty down -
down in your loving ground

And I am following -
and I am listening -
to the silence inside
Dakshinamurti Namah
You shine as the love in all of us
Following you inside

Wherever I may go I will hold you
in my arms
Wherever I may go I will hold you
in my arms
I am the ocean -
I am the world - I am the silence
I am the love

Give it all what you got to give
I am the ocean straight to the sea
I am the ocean
Give it all what you got to give -
I am the ocean

LOVER

Like a man you have been talking
just the same
To understand what's in your dream
you said
Ref: And we walk at night to get it
right
You have been tamed for a lover's
sake
Inside you know something just got
so strong
And you talk to yourself when there
is nothing else to say
In these nights and days it's been
just the same
And we walk at night to get it right
Just want your love just to grow
And we walk at night with a song
inside
Got to understand we are just the
same
I'm a Lover

FRANGIPANI

We are the Buddha and we are free
We shot a rocket into ecstasy

Up up on the hill - Yes in the night
Celebration of the mystic night
We are the Buddha and we are free
We shot a rocket into ecstasy
Up up on the hill - Yes in the night
Celebration of the mystic night
Frangipani Frangipani - holy hill
Frangipani Frangipani - what a thrill
Uuh and then we understand what
is real
Uuh and then we understand to
groove
Free free free
Chorus:
Arambol into the groove -
Arambol Arambol -
Arambol back to the groove
Om Namah Shivaya
Om Namah Shivaya
Om Namah Om
Om Namah Shivaya
Om Namah Shivaya
Om Namah Om

Fire is burning down the hill
till the waterline
While we are sitting on top of this
place

Singing songs of your grace
We are the Buddha and we are free
We shot a rocket into ecstasy
Up up on the hill - yes in the night
Celebration of the mystic night
Frangipani Frangipani - holy hill
Frangipani Frangipani - what a thrill

Watching all the birds outside my

Watching the lights in the grooving
night
And a meaning by the wonder of

Where we were holding hands -
I think it's good
Following the stars that appear in
front of me
That's coming - make it feel
We are the one that we were waiting
for
Yes we are the one

You gonna make it fine all right
So bright that love shines through

ETERNITY

I won't leave you no more baby
Cause we are the same now
And we're living and we're giving
Eternally free
And we share those magic moments
Living is to be
I won't go no more darling
Everywhere the same love
And we check in for adventure
Eternally free

And we share those magic moments
Living is to be
Live seems to me like a dream
sometimes
specially when you're around
So sit silently and touch my heart
Ref: x 2
All I ever need is - All I ever feel is
Your love
Running through my heart
Running through my soul -
For free
As I come down and kiss the ground
As I bow down and pray with sound
now
And we share those magic moments

Living is to be:

And we share those magic moments
Living is to be:
Live seems to me like a dream
sometimes
specially when you're around
So sit silently and touch my heart

Ref: x 2

All I ever need is - all I ever feel is
your love
Running through my heart
running through my soul -
for free

WHISPER

And we are walking on
with this morning song
Deep down in our soul
we are dreaming on
Got to keep you
inside my heart
For a better day
for the lonely star
Wherever I go
I will comfort you
With the sweetest melodies
with this disease
It's my heart desire
it's my fire
With this lightning through
in the storm we do
When I close my eyes
there is only you I see
And here is the music I feel
I don't know more what to say
You are the flower I feel
You are my lover indeed

Ref:

Whisper on
I got to whisper on
Whisper on

you got to whisper on

Wherever I will go
I will comfort you
Don't be afraid
we are going on and on
And we are walking on
with this morning song
I close my eyes
and we walk without desire
When I close my eyes
there is only you I see
And the music I feel
close my eye
and I walk without desire
Ref:
Whisper on
I got to whisper on
Whisper on
you got to whisper on
